

Who better to take up humanity's mantle
than humanity's best friend?

WITHOUT MASTERS

Without Masters is a post-apocalyptic game about a dog in a world where all humans have mysteriously disappeared. In order to protect the pack of dogs he calls family, he must defeat enemy packs of dogs who threaten their home.

Gameplay:

Invade enemy packs of dogs, fight minions, and defeat the boss. While making your way through their base, you will encounter many challenges, puzzles, and obstacles.

Location:

The dilapidated ruins of a human city and the harsh badlands that surround it.

Features:

- Fight enemies
- Climb structures
- Push crates to reach higher areas
- Throw tennis balls and frisbees to distract enemies (with a small chance of distracting yourself)
- Track scents, dig, and chase squirrels to find items and treasure.
