CERTIFICATE NR. 192

It is hereby certified that Mr JAKOB was detained during an escape attempt. He is charged with using State-issued power-ups, sabotaging equipment, and resisting arrest.

Due to the high number of escapes, our camp changes constantly, with no two escapes being the same. Despite this, our cat prisoners continue to defy us, with competitions amongst themselves to see who can escape the fastest.

Mr JAKOB has become something a folk hero among the other prisoners, and has even begun freeing others as he escapes himself. For the love of the FURhur, keep this prisoner away from tools, levers, fire, and other prisoners.
